Since 1985 Dr. Leckart has provided psychological and psychiatric evaluations for the legal community in the areas of workers' compensation and personal injury litigation. Dr. Bruce Leckart ([cv](#)) is a psychologist, widely published researcher, author and retired college professor. During his long career [Dr. Leckart](#) has worked on cases referred by applicant, plaintiff and defense attorneys. Currently, he recognizes that the vast majority of medical-legal reports from psychologists and psychiatrists contain substantial flaws, and that judges and attorneys are experts in the law and not psychology or psychiatry. Therefore, in recent years his services have been extended to coaching attorneys who are scheduled to take deposition and trial testimony from psychologists and psychiatrists in an effort to help win their psych cases. [Sample reports](#) for pre-deposition and pre-trial consultation written by Dr. Leckart are available for your review.

Dr. Leckart's past writings, newsletters and publications can be all found on his website at [www.drleckartwetc.com](http://www.drleckartwetc.com). Bruce is always up to writing and collaborative writing. If you would like some information or schedule an interview with Dr. Leckart please contact us.
